Extract from my site activity log:

04/03/15

10:45 am – Called Patty Scott, TCEQ attorney (512.239.0637). Patty said yesterday she'd talked to Karen Walters (440.347.5028) who is an attorney with Lubrizol. Patty said Karen had told her she would welcome calls from other parties that might be interested in joining with Lubrizol as a PRP group to resolve issues at the CES site.
